

## Material Declaration Data Sheet

### *Purpose*

Petroferm Inc. is committed to offering environmentally friendly cleaning alternatives. As part of that commitment, we support initiatives, such as the European Union Restriction of Hazardous Substances (RoHS) Initiative, which ban or restrict materials of environmental and toxicological concern. The declaration below is intended for use as disclosure of the substances contained in products supplied by Petroferm and is provided for our customers and distributors.

**Product Name:** *MEGASOLV<sup>TM\*</sup> NOC*

### *Materials and Substances*

The table below references Level A and B Materials and Substances indicated in the EIA Joint Industry Guide — Material Composition Declaration Guide September 19th 2003. This includes the materials defined in Article 4.1 of the European Directive 2002/95/EC on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS Directive).

<b>Material/Substance</b>	<b>Threshold Level</b>	<b>Material/Substance Concentration</b>
Asbestos	Intentionally added	Not intentionally added
Azo colorants	Intentionally added	Not intentionally added
Cadmium/Cadmium Compounds <sup>**</sup>	100 ppm or intentionally added	Less than threshold level and not intentionally added
Formaldehyde	Intentionally added	Not intentionally added
Hexavalent Chromium/ Hexavalent Chromium Compounds <sup>**</sup>	1000 ppm or intentionally added	Less than threshold level and not intentionally added
Lead/Lead Compounds <sup>**</sup>	1000 ppm or intentionally added	Less than threshold level and not intentionally added
Mercury/Mercury Compounds <sup>**</sup>	1000 ppm or intentionally added	Less than threshold level and not intentionally added
Ozone Depleting Substances (CFCs, HCFCs, HBFCs, carbon tetrachloride, etc.)	Class I : Intentionally added Class II : HCFCs : 1000 ppm	Less than threshold level and not intentionally added
Polybrominated Biphenyls (PBBs) <sup>**</sup>	1000 ppm or intentionally added	Less than threshold level and not intentionally added
Polybrominated Biphenylethers (PBDEs) <sup>**</sup>	1000 ppm or intentionally added	Less than threshold level and not intentionally added
Polychlorinated Biphenyls (PCBs)	Intentionally added	Not intentionally added
Polychlorinated Naphthalenes (more than 3 chlorine atoms)	Intentionally added	Not intentionally added
Radioactive Substances	Intentionally added	Not intentionally added
Short-chain Chlorinated Paraffins	Intentionally added	Not intentionally added
Tributyl Tin (TBT) and Triphenyl Tin (TPT)	Intentionally added	Not intentionally added

The information contained herein is based on data considered accurate and is offered at no charge. No warranty is expressed or implied regarding the accuracy of this data. Liability is expressly disclaimed for any loss or injury arising out of the use of this information or the use of any materials designated.

Tributyl Tin Oxide (TBTO)	Intentionally added	Not intentionally added
Antimony/Antimony Compounds	1000 ppm	Less than threshold level
Arsenic/Arsenic Compounds	1000 ppm	Less than threshold level
Beryllium/Beryllium Compounds	1000 ppm	Less than threshold level
Bismuth/Bismuth Compounds	1000 ppm	Less than threshold level
Brominated Flame Retardants	1000 ppm	Less than threshold level
Copper/Copper Compounds	1000 ppm	Less than threshold level
Gold/Gold Compounds	1000 ppm	Less than threshold level
Magnesium	1000 ppm	Less than threshold level
Nickel/Nickel Compounds	1000 ppm	Less than threshold level
Palladium/Palladium Compounds	1000 ppm	Less than threshold level
Phthalates	1000 ppm	Less than threshold level
Selenium/Selenium Compounds	1000 ppm	Less than threshold level
Silver/Silver Compounds	1000 ppm	Less than threshold level
Vinyl Chloride Polymer (PVC)	1000 ppm	Less than threshold level

MEGASOLV is a registered trademark of Petroferm, Inc.
